

# Reading Is Everywhere<sup>SM</sup>

Wherever kids may be waiting, they could be reading!

Reading Is Everywhere<sup>SM</sup> is Lead to Read KC's community book distribution program. We place baskets of books in places where children are often waiting to encourage reading outside of school.

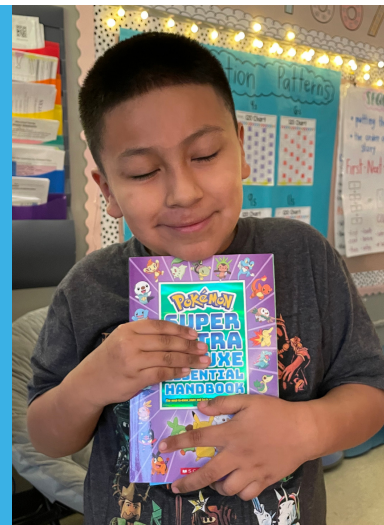

Children are encouraged to take a book home, and Lead to Read KC replenishes the baskets with additional books each month.

The initiative relies on donated books, so host a book drive to help build brighter futures!

## Find Your Next Book!

There are more than 50 basket locations, including social service agencies, salons, barber shops, and restaurants. Flip over this flyer to see a full list of partner locations.

**10,096** children's books were distributed during the 2022-23 school year

# Find the basket nearest you!\*
